These reports are not a part of this Proxy Statement. The Company will hold a discussion with respect to the financial statements at the Meeting.

This item will not involve a vote of the shareholders.

ITEM 3

REAPPOINTMENT OF INDEPENDENT AUDITORS

At the Meeting, the shareholders will be asked to approve the reappointment of Kost Forer Gabbay & Kasierer, a member of Ernst & Young Global, as the Company's independent auditors until the next annual general meeting of the Company. The reappointment has been recommended by the Company's audit committee. Kost Forer Gabay & Kasierer, CPA, has no relationship with the Company or with any affiliate of the Company, except as auditors and, to a certain extent, as tax consultants. The shareholders will also be asked to authorize the board of directors to fix the compensation of the auditors in accordance with the amount and nature of their services, or to delegate such power to the Company's audit committee, as contemplated by the Sarbanes-Oxley Act of 2002.

The affirmative vote of the holders of a majority of the Shares present, in person or by proxy, and voting on the matter is required for the approval of this matter.

It is proposed that at the Meeting the following resolution be adopted:

"RESOLVED, that Kost Forer Gabay & Kasierer, CPA, a member of Ernst & Young Global, be reappointed as the independent auditors of the Company until the next annual general meeting of the Company, and that the board of directors of the Company be authorized to fix their compensation in accordance with the amount and nature of their services, or to delegate such power to the audit committee of the Company."

The Board of Directors recommends a vote FOR approval of this proposed resolution.

ITEM 4

APPROVAL OF AN INCREASE OF THE COMPANY'S AUTHORIZED SHARE CAPITAL FROM 75,000,000 TO 125,000,000 SHARES

On October 31, 2006, the Company's board of directors recommended that the shareholders approve an amendment to the Company's memorandum and articles of association to increase the number of the Company's authorized Shares from 75,000,000 to 125,000,000 Shares.

The additional Shares to be authorized by approval of the proposed amendment would have rights identical to our currently outstanding Shares. Because holders of ordinary shares have no preemptive rights to purchase or subscribe for any unissued shares, the issuance of additional shares would reduce the current shareholders' percentage ownership interest in the total outstanding shares. An increase in the number of shares outstanding could have an anti-takeover effect in that additional shares could be issued in one or more transactions that could make a change in control or takeover of us more difficult. If the proposed amendment is approved by the shareholders, it will become effective upon the date of approval.

As of October 31, 2006, there were 50,443,372 Shares and approximately 6,203,728 options to acquire Shares outstanding.

The substantial increase in the number of outstanding Shares over the past year is mainly the result of the Company's public offering of 4,600,000 Shares on the Nasdaq Stock Market in December 2005, and the two-for-one stock split in June 2006, which was effected by way of distributing to our shareholders a stock dividend of approximately 24,700,000 Shares.

If the proposed amendment is approved by the shareholders, additional shares will be available for general corporate purposes. The Company's board of directors believes that the proposed increase in the number of authorized Shares is necessary to provide the Company with the flexibility to pursue opportunities without added delay and expense. The additional shares authorized could be issued from time to time for any proper corporate purpose, including, without limitation, the acquisition of other businesses, the raising of additional capital, a split or dividend on then outstanding shares or in connection with employee share plans in accordance with and subject to the applicable rules of the Nasdaq Stock Market and Israeli corporate law.

The affirmative vote of the holders of at least 75% of the Shares present, in person or by proxy, and voting on the matter is required for the proposed amendment to the Company's memorandum and articles of association.

It is proposed that at the Meeting the following resolutions be adopted:

"RESOLVED, that Article 4 of the Articles of Association of the Company, as previously amended, and Section 4 of the Company`s Memorandum of Association, as previously amended, be amended to read as follows:

"The share capital of the Company is one hundred twenty five million New Israeli Shekels (NIS 125,000,000) divided into one hundred twenty five million (125,000,000) Ordinary Shares of nominal value of NIS 1.00 each ("Ordinary Shares")."

"RESOLVED, that if the amendment to the Amended and Restated Articles of Association and Memorandum of Association of the Company is approved, the Board of Directors of the Company shall be authorized, in its discretion, to restate the Articles of Association and Memorandum of Association of the Company."

The Board of Directors recommends a vote FOR approval of the proposed resolutions.

ITEM 5

APPROVAL OF THE INCREASE OF THE POOL OF SHARES RESERVED FOR ISSUANCE UNDER THE COMPANY'S EMPLOYEE STOCK OPTION PLAN

Since the 2005 Annual General Meeting of Shareholders, the Company has acquired three companies, adding top executives from the acquired companies and increasing the number of employees from about 1,380 to over 1,740. This significant growth has meant that the pool of Shares available for incentive stock awards to employees, executives and directors is no longer sufficient for the Company's needs. This situation puts the Company at a disadvantage in comparison to the market benchmark of its peers and competitors, which, based on independent research, we believe is an average of approximately 15% of outstanding share capital on a fully diluted basis. As of October 31, 2006, the total number of the Company's outstanding options amounted to 11.1% of the total outstanding share capital of the Company on a fully diluted basis, of which the outstanding unvested options amounted to approximately 7.3% of the total outstanding share capital of the Company on a fully diluted basis. The Company's board of directors believes that the increase of the pool of Shares under the Company's 2003 employee stock option plan is necessary to attract and retain qualified employees, executives and directors in today's competitive market. The Company believes that such an increase will enable it to maintain during the upcoming years a number of unvested options which will amount to approximately 7% of the total outstanding share capital of the Company on a fully diluted basis.

Nasdaq regulations require that employee equity compensation arrangements be approved by the shareholders of the Company, including an increase of the pool of shares under such arrangement. In order to conform to the regulations, the board of directors has approved, and has recommended that the shareholders approve, the increase of the pool of shares reserved for issuance under the Company's 2003 employee stock option plan by an additional amount of 1,300,000 Shares, which represent approximately 2% of the total outstanding share capital of the Company on a fully diluted basis as of October 31, 2006.

The affirmative vote of the holders of a majority of the Shares present, in person or by proxy, and voting on the matter is required for the approval of this matter.

It is proposed that at the Meeting the following resolution be adopted:

"RESOLVED, to authorize the increase of the pool of shares reserved for issuance under the Company's 2003 employee stock option plan by an additional amount of 1,300,000 Shares."

The Board of Directors recommends a vote FOR approval of this proposed resolution.

ITEM 6

APPROVAL OF CHAIRMAN'S SPECIAL ANNUAL FEE

The Company intends to pay the Chairman of the board of directors a special annual fee of US\$25,000. Currently the Chairman is entitled, as are other directors who are not external directors (as defined under the Companies Law), to an annual fee of US\$15,000 and a meeting attendance fee of US\$600, including for meetings of committees of the board of directors. The role of the Chairman at our Company requires the devotion of more time and attention and the special annual fee is intended to compensate the Chairman for such contribution.

Pursuant to the Companies Law, the remuneration of the directors requires the approval of the internal audit committee, the board of directors and the shareholders, in that order. The Chairman's special annual fee, as described above, has been approved by the internal audit committee, the compensation committee and the board of directors.

The affirmative vote of the holders of a majority of the Shares present, in person or by proxy, and voting on the matter is required for the approval of this matter.

It is proposed that at the Meeting the following resolution be adopted:

"RESOLVED, that the proposed special annual fee of the Chairman of the board of directors, as set forth in Item 6 of the Proxy Statement, be, and the same hereby is, approved."

The Board of Directors recommends a vote FOR approval of this proposed resolution.

ITEM 7

APPROVAL OF GRANTS OF OPTIONS TO THE NON-EXECUTIVE DIRECTORS

The last grant of options to purchase Shares of the Company to the members of the board of directors of the Company was made in December 2002, which will be fully vested by the end of this year, with an additional grant only to the Chairman and Vice-Chairman of the board of directors in December 2003 (fully vested next year). As an incentive for their activities and efforts as directors on behalf of the Company, the internal audit committee, the compensation committee and the board of directors have approved, subject to shareholder approval, the annual grant of options to purchase 5,000 Shares of the Company to each of the non-executive directors and the annual grant of options to purchase 15,000 to the Chairman. The current non-executive directors of the Company (excluding the external directors) who would receive such options are Joseph Atsmon, Yoseph Dauber, Rimon Ben-Shaul, John Hughes and David Kostman, and the Chairman is Ron Gutler. Such number of options would be granted to each of the non-executive directors and to the Chairman, respectively, on the date of the Meeting and thereafter, annually during the next four years, on the date of the Annual General Meeting of the Shareholders of the Company (*i.e.*, until and including the 2010 Annual General Meeting). These options will fully vest following the lapse of twelve (12) months from the applicable date of grant and will expire on the sixth anniversary of the applicable date of grant. These options will be granted under the Company's 2003 employee stock option plan. The exercise price per share of the options will be equal to the closing price per share of the Shares on the Nasdaq Stock Market on the trading day immediately preceding the applicable date of grant.

The affirmative vote of the holders of a majority of the Shares present, in person or by proxy, and voting on the matter is required for the approval of this matter.

It is proposed that at the Meeting the following resolution be adopted:

"RESOLVED, that the proposed grants of options to the non-executive directors, as set forth in Item 7 of the Proxy Statement, be, and the same hereby is, approved."

The Board of Directors recommends a vote FOR approval of this proposed resolution.
