Brazil's Contax Expands to NICE Perform® VoIP to Extract Insights from Customer Interactions

Leading outsourcer to improve contact center performance in 3 sites for 4,000 agents

Ra'anana, Israel, May 29, 2007 - NICE Systems Ltd. (NASDAQ: NICE), a leading global provider of advanced solutions that enable organizations to extract Insight from Interactions™ to drive performance, today announced that Contax, a leading provider of contact center services in Brazil, has placed an order to expand to NICE Perform® in three of its contact centers, for 4000 agents. NICE Perform will be deployed in the pure VoIP environment in each of the three sites.

With NICE Perform Contax supervisors can go beyond traditional call recordings and quality management to proactively identify and reliably evaluate the quality of service provided to customers. They can target key calls and evaluate how well agents handle the call process as compared to key performance indicators (KPIs). By generating insight from their customer interactions, the organization will increase customer loyalty, reduce churn and improve overall business performance.

NICE Perform VoIP provides organizations, software-only, scalable VoIP solutions that are certified by the world's leading VoIP switch vendors, addressing small-scale to large, multi-site high-end environments. NICE's field-proven, VoIP solutions for contact centers, financial institutions and regulatory-compliant enterprises assure seamless business continuity and investment protection.

"We are excited to strengthen our relationship with NICE and expand our implementing to include NICE Perform in our VoIP environment," said Alexandre Martins, Director of IT and Services at Contax. "We believe that with NICE Perform we will be able to improve efficiency, effectiveness and quality of customer service in our VoIP contact centers."

"We are happy that Contax has decided to implement NICE Perform," said Eran Gorev, President and CEO, NICE Systems Inc. "This reflects once more the strategic value-add NICE Perform brings to our customers in improving performance on all levels, agent, supervisor, and the contact center business. It also reflects NICE's leadership in bringing innovative solutions to VoIP contact centers. Contax joins the ever growing list of customers in leading the way of moving the contact center to the heart of the enterprise."

About Contax

Contax is the largest contact center provider in Brazil. It specializes in the design, implementation, and operation of complex contact centers, in order to help clients improve their customer relationships and maximize the value they provide to their customers. Contax's clients include many of Brazil's largest companies in the telecommunications, financial services, utilities and Internet sectors. In December, 2006 served 58 clients, had 49,132 employees and operated 22,407 workstations distributed throughout 18 contact centers in Brazil. Contax's services are designed to enhance the quality of customer interaction at all stages of the customer lifecycle, from identifying and acquiring new customers through providing information and customer services, rendering technical support, customer retention and debt collection. This press release contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. Such statements are based on the current expectations of the management of NICE Systems Ltd. (the Company) only, and are subject to a number of risk factors and uncertainties, including but not limited to changes in technology and market requirements, decline in demand for the Company's products, inability to timely develop and introduce new technologies, products and applications, difficulties or delays in absorbing and integrating acquired operations, products, technologies and personnel, loss of market share, pressure on pricing resulting from competition, and inability to maintain certain marketing and distribution arrangements, which could cause the actual results or performance of the Company to differ materially from those described therein. We undertake no obligation to update these forward-looking statements. For a more detailed description of the risk factors and uncertainties affecting the company, refer to the Company's reports filed from time to time with the Securities and Exchange Commission.
