

Guarantee business continuity in an Unpredictable Environment

Increasing regulation makes it necessary to record at all times.

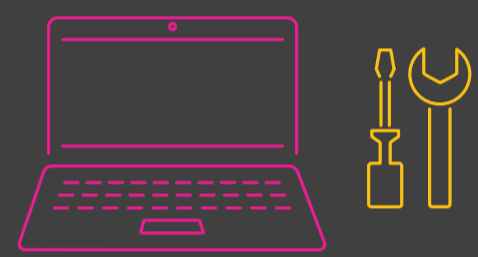

Are you ready for that?

But,

smaller issues can also affect your business

And the risk is unbelievable:

1 hour of IT systems downtime = \$84,000 - \$108,000 loss

Critical applications loss = > \$5,000 per minute

Organization's losses from outages = up to \$5M

Yet,

35% of organizations have no business continuity plan

You can't afford not to record!

Don't wait till it happens to you be prepared
